Guide*

Hi, I'm
Sarah!

I remember getting my senior pictures done. I had an absolute blast! What I love most about senior pictures is that you can really make them your own and let your personality shine! It is very important to me to get to know my seniors and that you feel like you know me because then it's like doing a photo shoot with a friend! In order to start that relationship, I'm sharing a few fun facts about my high school experience on the next page!

- I was homeschooled
- I graduated in a class of about 30
- I almost didn't do my graduation ceremony!
- I helped design two yearbooks my junior and senior years
- I did my science labs at Lawrence Tech's Xtreme Science Saturdays but science was not my best subject :)
- I was on a robotic team for two years
- I started taking college classes while I was still in high school
- When I graduated, I wasn't sure exactly what I wanted to do next!

Now you know a little bit about me and my high school experience. I am excited to hear about what activities and hobbies you've been up to the last four years!

When I start a senior session, we don't immediately pull out the camera. Since I've probably not met you in person before, I want to talk to you and your mom (or whoever comes with you :) and get to know you better. Emails and questionnaires are great but nothing beats talking in person!

I'll have arrived at your chosen location a little bit early to scout out the best spots. That saves time once we start the shooting part of the session and I can put all of my focus on
YOU!

Even with getting to know me and chatting before the shooting starts, you'll probably still feel a little bit awkward at first. That's perfectly alright and NORMAL! Don't worry, I'll have you relaxed and laughing in no time, if for no other reason than some of the ridiculous things I do to get a shot!

I look forward to hearing back from you soon!

Blessings,
Sarah

"Location" is defined as a place you drive to get to. So walking to various spots within on location is included in all collections.

The second location for Collection 1 must be within 15 minutes of the first location.

Additional locations can be added to the other collections for a fee of \$50 per additional location.

Any locations over an hour away have a travel fee that depends on the distance.
